

Dear Sir/Madam

Thank you for your Freedom of Information request concerning medical locum agency data.

The Trust can provide the following information:

1. The amount spent by the trust on Agency medical locums for the period of  
April 2013 – Current  
April 2012 – April 2013 (financial year)  
April 2011 – April 2012 (financial year)

Please see attachment – spend by service type-(note we have the information recorded by the calendar year)

2. A breakdown of this spend by each supplier (agency)

Please see attachment- Framework & Agency spend

3. Please can you Specify which framework your Trust signed up to for the provision of medical locums (GPS/HTE/LPP or other (please name) for the above timeframe - years 2011- 2012, 2012 - 2013,

2013 - Current

Please see attachment- Framework & Agency spend (note we currently can not now access the data for 2011-12)

4. Please can you break down the agency as :

GPS/Buying Solutions Framework supplier and Off Framework supplier

or if you currently use any other framework, please can you list these e.g. HTE or LPP and Off Framework supplier, please specify the date the Trust moved over to the named framework

Please see attachment- Framework & Agency spend (note we currently can not now access the data for 2011-12)

5. Please can you identify any Sister agencies if the supplier was an Off Framework agency and Name the Framework arm the sister agency was affiliated with?

*Definition of a sister company - A company which is owned by the same parent company or has the same director/s (ownership) as another company.*

A24 Group (Ambition recruitment Services); GDN (National Locums); Maxxima (Labmed)

6. Please can you explain the reason why Off Framework or Sister Agencies were used?

Specialist Nurse Requirement that could not be provided by framework agencies at the time

7. Please can the Trust detail how the introduction of the Sister agency was made, if your Trust predominantly uses/d the GPS/BS/HTE/LPP Framework?

The agency was set up on our system and a waiver was approved as the requirement was urgent (see above answer).

8. Please can you detail any corporate entertainment/hospitality or gifts provided by the Medical Locum Agency to medical staffing or departmental decision maker/s or management team (procurement/finance)

who are responsible for the selection of agencies/locums. –See gift-register for the Trust (as register is kept for entire Trust not just for gifts from medical locum agencies)

Does the Trust monitor the volume of work going through a particular agency to ensure that the locum booking decision maker/procurement team/finance dept hasn't been influenced by such activities? No

9. Please can you list the agencies providing such corporate entertainment /hospitality or gifts, assuming there is a log/register? See gift-register for the Trust (as register is kept for entire Trust not just for gifts from medical locum agencies)

10. Does the Trust monitor the agencies on their PSL are providing a VfM service and not taking the placements to their Off Framework arm or Sister Companies?

If so how is this reviewed and monitored?

Yes we do via regular meetings, making sure agencies adhere to the framework SLA and obtaining spend info from our accounts dept to ensure adherence to framework rates

11. Please can you detail how you select your Agency Suppliers?

The Trust use all agencies which are listed on the LPP framework

a) Is this influenced by previous relationship with the supplier (including the addition of agencies who might be newly formed/off framework), or is there a fair selection process in place?

No, the selection of agency suppliers are not influenced by previous relationships. There are over 60 agencies that we currently have on our Tier 2 mailing list, which are all on the LPP Framework. All the shifts are emailed

to all the agencies at the same time, therefore all shifts are distributed to agencies fairly. We no longer use off framework agencies

b) Does the trust have a guideline for procurement and selection of suppliers?

Yes – we use the GPS and LPP framework wherever possible.

c) If a supplier is on the GPS/HTE/LPP framework, how can they make a case for them to be added to the suppliers list to start servicing your Trust?

Once an agency is added on to the LPP framework they will be automatically added to the mailing list, once a request to do so is made to the medical locum booking coordinator in writing.

d) What is the Trusts complaint or appeals procedure should a Supplier feel that they are not being given a fair chance to represent their agency to supply locums?

The Trust are under a framework with the LPP for the supply of agency locums – as such we are compliant with the LPP OJEU procedure and if an agency has a complaint they should approach the LPP.

e) How does your Trust exclude bias and favouritism towards a certain supplier, given that naturally the locum booker/decision makers tend to prefer working with people they 'like' and 'get on with' or a particular organisation and reluctant to try new suppliers, who might be more cost effective or efficient, have a more robust compliance level than the current supplier/s?

Once shifts have been sent out to all LPP Framework agencies, all agencies have the opportunity to submit a CV for a doctor for the particular shift that has been sent out. The CV's are then vetted by the locum booking coordinator to make sure all requirements have been met i.e. pre-employment checks, references, occupational health clearance etc. Once the CV has been approved by the locum booking coordinator, they will then send the CV to the Consultants for final approval. Therefore the trust is not able to be bias and does not show favouritism to any particular agencies, the bookings are all based on the quality of the doctor which is sent through and the best rate that is offered. The final decision comes from the Consultants, who are unaware of which agency the doctor is coming through.

f) Does your Trust review the quality of locum/s that are 'booked' against the candidates who were submitted by other suppliers but were rejected to ensure that the best candidate was offered the post, rather than selected because the candidate was from a particular agency or person?

If there are several CV's that come through from several different agencies, which the locum booking coordinator believes are all suitable candidates for the shift, then they

will all be sent forward to the Consultant for approval. Candidates are always selected by the quality of standard they offer and is not based on which agency they come from.

g) Does your Trust monitor or have a policy to ensure all CVs within a certain timeframe of a locum requirement being sent out to agencies are passed on to the decision maker and a fair selection process is in place rather than a policy of forwarding the 'favourite' agencies CVs once the candidate specification is met and screened for?

There are no "favourite" agencies. All CV's which are received within the time frame required are reviewed fairly

What Quality Assurance Measures does your Trust have in place to review the above two scenarios f & g?

None

h) Does your Trust review candidate files that were selected against the Trusts minimums standards for employing a doctor? How often does your Trust conduct internal audits on these candidate files to ensure compliance is as per contract (GPS/LPP or HTE)?

As we use the LPP framework the selection standards have been agreed by the LPP before the OJEU noticed was issued and as such they are compliant with current standards.

The LPP conducts audits and we attend quarterly meeting with the LPP to discuss any issues with agency staff or agency doctors. Our HR dept holds candidate files.

However the booking locum coordinator ensures that when a locum is booked we hold on file confirmation of the following: CV, EHMS Status, CRB / DBS, References, ID / Right to work documentation and professional reg certificate.

i) If an agency has a history of submitting files with poor compliance checks and deviating from best practice or the standards set out by the various frameworks what action/s does the Trust take against the agency?

The locum booking coordinator will inform the LPP, who would then contact and liaise with the agency further. The booking coordinator would not book the locum in this instance.

Is this consistent and are all suppliers treated the same irrespective of market dominance or size?

We currently have an SLA with Medacs and therefore they are our Tier 1 supplier. This means that they have a supplier protected response time. After this time, the shifts are then sent out at the same time to all other LPP agencies.

f) If the Trust has an internal audit/QA process in place for compliance checks of candidates placed at the Trust, Please list your internal audit data for suppliers of medical locums since April 2012- Current

An audit has not been completed in terms of locums placed – however because of the pre-engagement process we hold on file confirmation of the following: CV, EHMS Status, CRB / DBS, References, ID / Right to work documentation and professional reg certificate.

12. How often does your Trust review it's PSL to ensure other Agencies (On the Trusts chosen Medical Locum Framework) have an opportunity to become a supplier?

All agencies which are on the LPP Framework are able to supply the trust.

13. Please can you supply the name of:-

· The Procurement lead at your Trust-

Timothy Head- head of procurement / Jo Farrar, Director of Finance and Procurement

· The person responsible for booking medical locums at your Trust, if this is done at departmental level, please can you supply the name/s per department/speciality and their email address

Miranda Vasiliou- Medical Locum Coordinator-  
[Miranda.Vasiliou@homerton.nhs.uk](mailto:Miranda.Vasiliou@homerton.nhs.uk)

If you have any queries about this response please contact the information governance manager at [foi@homerton.nhs.uk](mailto:foi@homerton.nhs.uk) , in the first instance. If, following that, you still have any concerns, you may contact the Information Commissioner either by letter, FOI/EIR Complaints resolution, Wycliffe House, Water Lane, Wilmslow, Cheshire SM9 5AF, or by email [www.informationcommissioner.gov.uk](http://www.informationcommissioner.gov.uk) to take them further.
