

Dear Sir/Madam

Thank you for your Freedom of Information request concerning A&E and UCC alcohol figures.

The Trust can provide the following information:

Please can you provide me with the monthly figures for the number of alcohol-related A&E and/or Urgent Care Centre admissions you have had in the last six months.

For the sake of clarity, that is August, September, October, November, December and January.

How many resulted in death? For those that involved death please provide a brief description (where possible) of why they were admitted (e.g. Road traffic collision, fell down stairs, injuries sustained in a fight, etc.)

Note: as there are no codes for the requested information (data below are result of search of database using the words –alcohol, drunk, ethanol and drinking (drinking may include drinking other things as this can't be filtered out

4 died

Seizures and vomiting
chest infection and shortness of breath
bought in by transport was attending for o/p ct chest c/o heamaturia so bought to a&e.
referral to A & E with jaundice for past 2/52, sweating.

How many (of all admissions), if any, are associated with the current "NekNomination" craze whereby people nominate one another to drink alcohol in a more and more extreme manner?
