

Dear Sir/Madam

This is a follow up response relating to trust stock.

**Please find our response below:**

1 - Does your trust stock "Difficult airway/can't intubate, can't ventilate" equipment (ie: tracheotomy and cricothyrotomy equipment) within your resuscitation department/have the equipment available to A&E? **Yes**

2 - Does your trust stock fiberoptic intubation equipment that is available in an emergency airway situation within A&E? **We do not stock but there is one in Theatres that we can call for if needed.**

3 - Does your trust stock video laryngoscopes within your resuscitation department/have the equipment readily available to A&E? **Yes**

4 - What level (if any) of training is provided by your trust to Anaesthetics trainees with regard to "Can't intubate/can't ventilate" (CICV) situations, including practical training in performing CICV rescue procedures? **Full simulation based training with hands on practical training is provided at start of posting**

5 - At what level (if any) of training does your trust require Anaesthetics trainees (including registrars) to be competent in CICV practical rescue procedures as a requirement of their job role (or are such matters left in the hands of the Deanaries)? **This is part of training provided within department and occurs during the induction period, we expect a basic level of competency**

6 - What level (if any) of training is provided in your trust to nursing staff with A&E regarding airway management and CICV situations? **All senior nursing staff is ALS and ATNC or ATNC trained.**

7 - What level (if any) of training is provided in your trust to nursing staff with A&E regarding "Human Factors" (including if possible - with regard to emergency situations)? **There has been SIM training on this but there is no on-going training programme.**
