

Date: 23/12/2014

Dear Sir/Madam

This is a follow up response relating to **Multi-disciplinary teams MDT**

Please find our response below:

Q1. Does the Trust have any of the following Multi-disciplinary teams (MDTs)?

Please refer to our response below. Although we provide an input into the services provided below, the MDT's are managed and coordinated directly by Barts Health Trust.

MDT Name	Yes / No	If Yes please provide Members names and/or roles	
		Name	Role
Head and Neck MDT	No, We have staff who participate in a weekly Head and Neck MDT hosted by (Barts. Health Trust) a tertiary centre. An organised administrative function supports this meeting with information remotely.		
Local Skin Cancer MDT	No, Again we have staff who participate in a weekly meeting by video conference link to a Local Skin Cancer MDT hosted by (Barts. Health Trust) a tertiary centre.		
Specialist Skin Cancer MDT	No, There is no specialist skin cancer MDT these patients are dealt with in the MDM above.		
Oculoplastics MDT	N/A		
Skull Base MDT	N/A		

We would like to understand how the Trust deals with the treatment of Advanced Basal Cell Carcinoma, and therefore we would like to request any documents that are used to cover this treatment area e.g. Referral Pathways / Care Pathways / Prescribing Guidelines. **The Homerton would refer patients requiring treatment to a tertiary center i.e. Barts Health Trust.**

Request for Re-use

If your organisation does hold this information and is in a position to pass it on, then I would like to submit the following request for re-using the information:-

N/A

If you have any queries about this response please contact the information governance manager at foi@homerton.nhs.uk , in the first instance. If, following that, you still have any concerns, you may contact the Information Commissioner either by letter, FOI/EIR Complaints resolution, Wycliffe House, Water Lane, Wilmslow, Cheshire SM9 5AF, or by email www.informationcommissioner.gov.uk to take them further.
