

Homerton University Hospital NHS Foundation Trust
Hackney College
Defoe Building, Room 10
50 Hoxton street
N1 6LP

Date 23rd February 2016

Email: foi@homerton.nhs.uk

Dear Sir or Madam,

Ref: FOI 2329

Thank you for your recent Freedom of Information request regarding the treatment of breast cancer with TARGeted Intraoperative Radiotherapy.

The Trust can provide the following information:

The number of early breast cancer cases treated at the Trust with TARGeted Intraoperative Radiotherapy (also known as Intrabeam or TARGIT IORT) for each year from January 2000 to the date of this request. Please identify the number of cases in each year which were delivered as part of a clinical trial and the number which were delivered as treatment which was not not part of a clinical trial.

For the Trust, the date at which the Trust or Clinical Commissioning Group purchased equipment able to deliver TARGeted Intraoperative Radiotherapy, the price paid for that equipment and the name of the organisation from whom it was purchased.

All Homerton Hospital Trust patients needing radiotherapy are treated at Bart's NHS. We therefore do not deliver TARGeted Intraoperative Radiotherapy at the Trust.

If you have any queries about this response please contact the information governance manager at foi@homerton.nhs.uk, in the first instance. If following that, you still have any concerns, you may contact the Information Commissioner either by letter, FOI/EIR Complaints resolution, Wycliffe House, Water Lane, Wilmslow, Cheshire SM9 5AF, or by email www.informationcommissioner.gov.uk to take them further.
