

Information requested	Acute	IIT	ACRT
<b>How much of your budget in monetary and percentage terms is allocated to support for Parkinson's?</b>	None specifically. Therapy services commissioned to see all inpatients.	None specifically	None specifically. Block contract to provide services for people with long term conditions.
<b>Do you provide speech therapy within your Parkinson's services?</b>	Yes	Not commissioned to provide PD-specific services	Yes
<b>If so, how much of your budget in monetary and percentage terms was allocated to speech therapy services in 2010, 2011, 2012, 2013, 2014, and 2015?</b>	SLT has its own budget for acute services (which includes service for elderly care wards, medical wards, stroke unit and regional rehab). This budget is entirely related to SLT services.	<p>IIT underwent considerable reconfiguration in 2014 so it is not possible to provide this information for the years requested in a comparable way.</p> <p>The SLT expenditure in 2015/16 was approximately £50,000, which represents 4% of the overall budget.</p>	<p><u>2009/10</u> SLT expenditure £118,592 % Budget 6.4%</p> <p><u>2010/11</u> SLT expenditure £117, 182 % Budget 6.0%</p> <p><u>2011/12</u> SLT expenditure £113,167 % Budget 6.3%</p> <p><u>2012/13</u> SLT expenditure £120,520 % Budget 6.6%</p> <p><u>2013/14</u> SLT expenditure £129,022 % Budget 6.9%</p> <p><u>2014/15</u> SLT expenditure £126,217 % Budget 7.0%</p>

			<p><u>2015/16</u>                  SLT expenditure £126,208                  % Budget 7.0%</p>
<p><b>How regularly do Parkinson's patients have access to NHS funded speech therapy?</b></p>	<p>As required, based on clinical need.</p>	<p>As required, based on clinical need.</p>	<p>As required, based on clinical need. Depends on the nature of treatment programmer required. For instance, clients with mild swallowing problems may require 1-2 sessions only. Client with quiet voice that is amenable to rehab may be eligible for LSVT which is offered at 4 sessions a week for 4 weeks.</p>
<p><b>How many Parkinson's patients have you treated on average over the past five years?</b></p>	<p>This information is not available for the acute service. Patients are not typically admitted for management of PD but for secondary complications or unrelated reasons.</p>	<p>Accurate information is not available for IIT. PD is not typically the reason for referral so their intervention may be coded under the primary reason.</p>	<p>ACRT only started to record diagnoses on the electronic information system (RiO) in early 2014. Consequently, there is only complete data available for 2015.</p> <p>In 2015, 214 individuals with PD were treated by ACRT (36 of which required SLT).</p>
<p><b>How many speech therapists do you provide funding for? Has this number increased or decreased in the past five years?</b></p>	<p>2.0WTE                  Increased</p>	<p>1.0WTE                  Stayed the same although banding of therapist increased from B6 to B7 in 2012</p>	<p>3.0WTE                  Stayed the same.</p>
