Dear Sir or Madam,

Ref: FOI 2528

Thank you for your recent Freedom of Information request regarding Homerton hospital's molecular Pathology diagnostics.

The Trust can provide the following information:

Do you currently offer a companion diagnostic (stratified medicine) testing services for the following cancer indications and therapies? If so I would be grateful if you could please indicate which tests are offered, the charge per patient test (ideally a comment on what the overhead/kit breakdown of the test cost is) and the number performed per year January-December (or month if easier – please specify in comments). The brand name of the test used or any information regarding commercial partnerships would also be appreciated to be included in the comments.

The Pathology Department does not do test within the Trust, this service is outsourced.

If you have any queries about this response please contact the information governance manager at foi@homerton.nhs.uk, in the first instance. If following that, you still have any concerns, you may contact the Information Commissioner either by letter, FOI/EIR Complaints resolution, Wycliffe House, Water Lane, Wilmslow, Cheshire SM9 5AF, or by email www.informationcommissioner.gov.uk to take them further.
