

Statement of purpose

Health and Social Care Act 2008

Regulation 12 of the Care Quality Commission (Registration) Regulations 2009:

- (1) The registered person must give the Commission a statement of purpose containing the information listed in Schedule 3.
- (2) The registered person must keep under review and, where appropriate, revise the statement of purpose.
- (3) The registered person must provide written details of any revision to the statement of purpose to the Commission within 28 days of any such revision.

SCHEDULE 3

INFORMATION TO BE INCLUDED IN THE STATEMENT OF PURPOSE

1. The aims and objectives of the service provider in carrying on the regulated activity.
2. The kinds of services provided for the purposes of the regulated activity and the range of service users' needs which those services are intended to meet.
3. The full name of the service provider and of any registered manager, together with their business address, telephone number and, where available, electronic mail addresses.
4. The legal status of the service provider.
5. Details of the locations at which the services provided for the purposes of the regulated activity are carried on.

Statement of purpose

Health and Social Care Act 2008

¹ Dependent on changes to Health and Social Care Act 2008 Care Quality Commission (Registration) Regulations and/or the scope of Homerton University Hospital NHS Foundation Trust services

Aims and objectives

Homerton University Hospital NHS Foundation Trust (Homerton) provides acute and community services, for the people of the London boroughs of Hackney, the City and the surrounding communities. Homerton also provides a range of bespoke specialist services for a wider population in north and east London and beyond.

Homerton's vision is to be recognised as London's leading provider of integrated health care with a seamless service across current organisational barriers. In April 2011, community based health services, formerly provided by NHS City and Hackney Primary Care Trust, were transferred to Homerton. This provides Homerton with the opportunity to capitalise on the interdependency of the services and the joint expertise of community and hospital practitioners.

Corporate objectives 2011/12

We have defined a small number of strategic goals for the next three years to ensure that we remain focused and differentiate the investment of our scarce resources in terms of money, time, and management energy in order to meet our vision for 2014.

These strategic goals can be summarised as follows:

Strategic goal 1: 'Our Services, Our Business, Our Purpose'

To maintain, grow or develop health and education 'services' which contribute to core business (directly or indirectly) and meet health need and quality requirements.

Strategic goal 2: 'Quality: Everyone – patient, visitor, staff member – treated safely, effectively and decently'

To, at all times, ensure that whatever we do we continually strive to improve the quality and relevance of the services we provide to our patients, their friends and loved ones, and our staff. Specific objectives include:

- Demonstrate each year progress against Quality Account (QA) measures
- Increase partner input into development of QA objectives
- Determine quality initiatives that specifically respond to GP and Local Involvement Networks (LINKs) as patient advocates
- Deliver a consistently good outcome to the staff survey across all services
- Provide an environment that supports patient wellbeing e.g. nutritious food, clean and safe environment

Strategic goal 3: 'strengthening our reputation'

To define and focus on a realistic range of areas where Homerton can build or develop its national profile, including:

- Community and hospital service integration and, where appropriate, the delivery of integrated care
- Further develop our already strong clinical informatics capability
- Strengthen and build on our reputation for quality academic output

Legal status
<p>Homerton is a not-for-profit public benefit corporation authorised under the Health and Social Care (Community Care and Standards) Act 2003. The principal purpose of the Trust is to provide goods and services for the purposes of the health service in England, and the Trust has a duty to do this effectively, efficiently and economically.</p> <p>Homerton is regulated by Monitor and the Care Quality Commission (CQC). Monitor authorised Homerton to become a Foundation Trust on 1st April 2004 as one of the first ten NHS foundation trusts in England.</p> <p>The CQC registered Homerton on 1st April 2010, without restrictive conditions. Homerton’s registration was updated following the transfer of community based health care services from NHS City and Hackney Primary Care Trust on 1st April 2011. Homerton remains registered with CQC without restrictive conditions.</p>

Regulated activity <i>As shown on the certificate of registration</i>	Accommodation for persons who require nursing or personal care
Services <i>Services, care and/or treatment provided for this regulated activity.</i>	Care home services with nursing
Name of location	Mary Seacole Nursing Home
Address	39 Nuttall Street London N1 5LZ
Registered Manager Registered Manager ID	Mr Roy Tecson 1-335613459
Brief description of location²	Mary Seacole Nursing Home is located in a modern three storey building (comprising ground, first and second floors) which was opened as a nursing home in 1995. The building occupies a corner site in Hoxton, London N1 with boundaries on Nuttall Street, Hoxton Street, the grounds of St Leonard’s Hospital and the Lawson Practice GP surgery which is also situated within the St Leonard’s Hospital grounds.

	<p>Mary Seacole Nursing Home building contains single furnished rooms with en suite bathrooms for 50 residents. In addition there are facilities for communal dining, space for a variety of social activities such as painting, board games and physical activities. The accommodation for people who use services is arranged in three wings on the ground and first floor. Facilities for food preparation and storage of medical equipment, laundry and office space is also provided within the nursing home. The second floor of the building is used as office space, including the office base for the Homerton Continuing Care At Home team.</p> <p>The building is fully accessible to people with disabilities with access to the first and second floor levels of the building provided via lifts as well as stairs. Entry to the Mary Seacole Nursing Home building is controlled by video and audio entryphone operated doors. Mary Seacole Nursing Home also benefits from two landscaped garden areas and paved terraces used by residents and staff.</p> <p>Care is provided by a multi-disciplinary team of health professionals and staff supervised by registered health professionals.</p>

Name of location	Homerton University Hospital	
Address	Trust Offices Homerton Row London E9 6SR	
Brief description of location²	<p>Construction of Homerton University Hospital began in 1982 and the building was opened to patients in July 1986, bringing together general hospital services from across Hackney. The Trust is committed to improving the services provided to patients and staff through a variety of means, including by upgrading the built environment. Please see the link on the Trust website which provides information for patients on building work and other changes around the hospital Homerton refurbishment work</p> <p>Homerton guidelines for mental health close observation provide guidance and support to staff in the event of a patient displaying behaviour that poses a risk to themselves or others. The guidelines apply to informal patients as well as those detained under the Mental Health Act 1983. Where appropriate, patients are fully risk assessed by the duty psychiatrist or psychiatric liaison nurse. Advice on the most appropriate level of observation can also be obtained from staff in the Mother and Baby Unit in East Wing (East London NHS Foundation Trust) or Child Protection Nurse for Mental Health.</p>

Notes:

1. Regulated activity – If you use a combined statement of purpose, repeat the information for each of the regulated activities for which you are registered. You can do this by copying and pasting the whole regulated activity table.

2. Locations – For each location registered for a particular regulated activity (including your headquarters), please provide a brief description, including whether the services at that location are specifically adapted or suitable for people with particular needs or where you can meet requirements for special facilities or staffing. You can do this by copying and pasting the relevant lines for each location.

You may also give details around ‘listed buildings’, shared occupancy, and special facilities (for example hydrotherapy pools).

3. Overnight beds – If the location provides overnight beds, please state the number.

4. Registered manager(s) – Where the regulated activity is managed by a registered manager(s), please enter his or her full name, contact address (if different from the location address), telephone number and email address. Please state how much time is spent managing the regulated activities where more than one manager is in post for each location. This may be in days or hours. Where the regulated activity has no separate manager but is managed directly by the provider, leave the box empty.

5. Service user band(s) – Tick all the boxes that describe the service user needs or groups of people who use your service.
